

## Our Commitment to Keeping Your Family Healthy

---

As news continues to develop regarding COVID-19, we want to assure you that Lice Knowing You is taking every precaution to keep your family healthy and happy (and of course, lice-free!)

### What We're Doing:

1. Meticulously sterilizing all surfaces, equipment, and furniture after each client interaction.
2. Strictly washing our hands after every client interaction.
3. Mandating that LKY team members stay home if they or anyone in their household experiences symptoms.

### How You Can Help:

1. Please either wash hands or use hand sanitizer immediately upon entering (both options are available).
  2. Please stay home if you or anyone in your household is experiencing symptoms.
- 

We appreciate your cooperation during this time. Our number one priority is to keep our clinics healthy and virus-free while continuing to bring professional lice services to the PNW.
